LR 58

you all a happy Arbor Day.

PRESIDENT: Thank you, Senator Marsh, and I think I can speak for all the members of the Legislature in thanking Frank and the committee and Plant Two Trees for providing these trees for all the fifth graders and for all of us. We are ready then for business. We are ready for resolutions. Senator Carsten, we recognize you.

SENATOR CARSTEN: Mr. President, and members of the Legislature, I want to echo what Senator Marsh has said. As a member of the Arbor Day Foundation, we are most pleased that these trees have been distributed to you. We want you to add another one to that when you go home to plant so that you are all in the Plant Two Trees Program. In addition to that, don't forget the Arbor Day festivities in Nebraska City this next weekend on the 25th and 26th and visit Arbor Lodge and the improvements that have been made there and the pride with which we in Southeast Nebraska and Nebraska City are quite proud. Thank you, Mr. President.

PRESIDENT: Thank you, Senator Carsten. We will now proceed with agenda item #4, resolutions, and proceed with the first resolution, LR 57. Is Senator Pirsch not here? All right, so we had better go on to the second one which is LR 58.

CLERK: Mr. President, LR 58 was offered by Senator Marsh. It is found on page 1437. (Read).

PRESIDENT: The Chair recognizes Senator Marsh.

SENATOR MARSH: Mr. President, I think it is a very outstanding accomplishment to recognize that our own Pages not only are working twenty hours a week but receiving recognition by the University of Nebraska for high scholarship, being named to Mortar Board, being named to the Innocents Society, and continuing to stay on the scholarship list for four years of education in one instance. I think we are very proud of all of our Pages but want to recognize those whose talents and work habits indicate they can successfully combine working in our legislative body and doing an outstanding job with their school responsibilities and I would like to lead the applause for our own Pages. When one of them brings you coffee or tea or whatever today, you might say your own personal word of praise. Thanks very much. I urge your adoption of this resolution.

PRESIDENT: Anyone care to speak further on LR 58? If not, Senator Marsh, I guess that is the opening and closing
